To resolve both objections, the Debtors confirm that they agree that both of the OEMI and OPSI contracts were validly terminated.

Re: Lehman - objection to motion for consensual assignment of derivative contracts

On behalf of Occidental, we were previously in negotiations with Lehmans to resolve another objection scheduled for wednesday. The debtors had confirmed that the OEMI contract was terminated but had not yet reviewed the OPSI contract. We are authorized to resolve both the original objection and this objection on the same terms -- If Lehman confirms that both Occidental contracts were validly terminated then we will withdraw the objections. Please let me know if you can provide that confirmation. Thanks
